

Pattern: Stucco #515 (Rough)

Key Features

This simple and extremely durable Stucco texture shows a relatively rough trowel pattern and compliments just about any design style. The low-maintenance, granular texture is stronger and more durable than the traditional Stucco fencing because it's made from the strength of precast concrete.

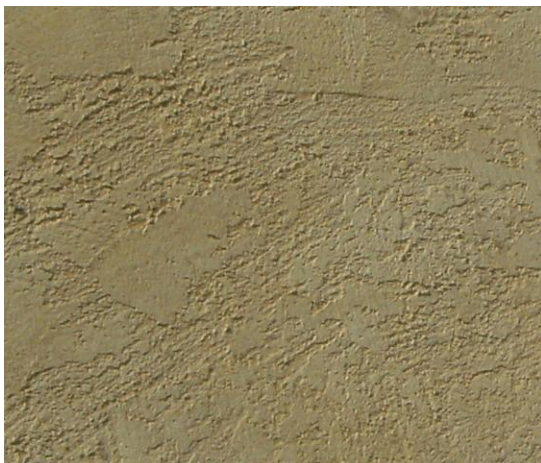

This Rough Stucco texture provides a 4" tall cap border along the top of the panel. Combine a Stucco fencing panel with any stone textured column to spruce up and present a refined, welcoming façade of beauty and appeal.

Specifications

Liner Thickness (No Backing)	3/4"
Liner Thickness (Plywood Backed)	1 1/2"
Maximum Part Size	138"w x 120"h
