

Pattern: Glasgow Brick #519

VERTI-CRETE FORMLINERS

Key Features

Glasgow Brick has a texture incredibly smooth and easy on the eye. Rather than single units of hand-laid blocks stacked and mortared as a solid brick wall, the look and feel of real brick can be achieved in panels as large as 10' high x 16' wide.

This brick wall will provide the classic and timeless look of brick that has been used throughout history with the low-maintenance and strength of precast concrete.

Specifications

Grout Joint Ave Width:	1/2"
Max Stone Size:	9 1/2" x 2 5/8"
Min Stone Size:	3" x 2 5/8"
Maximum Part Size	192"w x 120"h
