

Pattern: Rustic Shiplap #605

VERTI-CRETE FORMLINERS

Key Features

The coarse wood grain on this Rustic Shiplap design is so realistic you'll wonder if you're going to get a splinter. The deep grains, random knotting and occasional bark give this the look and feel of the western frontier.

A rough hewn solid log cap across the top overhangs 3 ¼ inches to give a sturdy finish to the top of the wood planking.

Available in three alternating versions (A, B and C) to ensure a random look along the run.
